

# Aircraft Fleet

Aircraft	Fleet Size	Available Landing Gear	Ice / Gravel Strips	Available Passenger Capacity	Typical Cruise Speed	Cargo Door Size	Max. Payloads		Cabin Length	Typical Runway Length Required	Typical Range	Quick Change Combi Configurations	Features
							Volume	Weight					
							Cubic Feet	Pounds					
DASH 7	4	Wheels	Yes / Yes	46	240	91" x 70"	2250	10000	36	2500	1200	1-46 passengers & cargo / baggage	Roller Floor, Bulk Fuel, Bulk Cargo, Short Strip Operations, large cargo door 48" from ground level
King Air 200	1	Wheels	No / Yes	9	300	Passenger	340	2500	14	3000	1500	Passenger / Medevac	Fast, Pressurized, Comfortable Mid-Size Passenger Aircraft
Twin Otter	5	W, F, S	Yes / Yes	19	170	56" x 50"	510	3500	18	1200	750	1-17 passengers & cargo / baggage	Very Short Off-Strip Operations, Bulk Fuel, Bulk Cargo, Cargo Door, Tundra Tires, Floats, Skis
Grand Caravan	2	Wheels	Yes / Yes	9	170	50" x 50"	450	3000	16	2000	1000	1-9 passengers & cargo / baggage	Efficient Passenger & Freight Hauler, Bulk Fuel, Cargo Door, IFR
208 Caravan	1	W, F	Yes / Yes	7	170	50" x 50"	340	2400	12	2000	1000	1-7 passengers & cargo / baggage	Fastest Float Plane with the Longest Range, IFR, Bulk Fuel, Cargo Door
Turbo Otter	1	W, F, S	Yes / Yes	9	120	45" x 46"	360	2800	14	1200	600	1-9 passengers & cargo / baggage	Very Short Off-Strip Operations, Bulk Fuel, Bulk Cargo, Cargo Door, Floats and Skis

**Notes:**

1. Available Landing Gear - Aircraft configurations depending on time of year: W - Wheels, F - Floats, S - Skis
2. Typical Runway Length Required is estimated based on normal gravel strips in the north. Actual distances will vary depending on surface type, conditions, winds, payloads and approach obstacles, etc.
3. Please contact Air Tindi regarding current charter rates and for specific price quotation information.
4. Aircraft Descriptions are typical - for special requirements and requests please contact Air Tindi.
